INTRODUCTION

Section 41B of the Financial Services Commission Act, 2001 (“the Act”) empowers the Commission to approve forms for the purposes of the regulatory legislation. When such forms are approved by the Commission, they are to be published in the manner specified in regulations made pursuant to section 62 (2) of the Act. The Financial Services (Approved Forms Publication) Regulations, 2010 provide that such approved forms are to be published in the *Gazette* and on the Commission’s website. These statutory requirements in relation to the forms outlined in the Schedule hereto have been adhered to.

It is therefore a requirement that any person wishing to submit an application to the Commission in respect of a licensed business activity must do so utilising the approved forms outlined in the Schedule. Applicants are to be guided by the guidelines provided hereunder and any applicant who may be uncertain as to the requirement or meaning of any subject contained in or connected with any approved form should consult the Commission for clarification.

All parts of the approved forms as applicable to an applicant for any specific licensable business must be properly and accurately completed. No information should be provided which has the effect of misleading the Commission in its consideration of an application. It should be noted that the approved forms outlined in the Schedule are designed to facilitate the receipt and efficient consideration of all applications for licences and certificates. This process would be immensely aided and progressed in a timely manner if complete and accurate information is provided at the time of submission of an application.

The Commission has been moving towards an electronic filing system and applicants are encouraged to submit their applications electronically. Where attachments to an application cannot be forwarded in electronic form, the hard copies thereof must be submitted at the time or shortly after the submission of the electronic application. It is expected that once the relevant electronic filing system of the Commission is fully functional, all future applications would be received and processed electronically.

The Schedule is divided into a General Part and five specific Parts. The General Part guides applicants with respect to the specific Parts applicable to them which they must complete. In addition, each specific Part outlines its scope of application consistent with the instructions for completion provided in the third column of the General Part. The last Part on declarations must be completed by all applicants and completion of the fifth Part is optional.

GUIDELINES

Application

- 1.1 These Guidelines apply in relation to the approved forms outlined in the Schedules. In completing an approved form, every applicant is required to have regard to these Guidelines to assist them in properly completing the approved forms applicable in their case.
- 1.2 The approved forms generally relate to applications for licences under the regulatory legislation as provided in the first column of the General Part. While segregated portfolio companies are incorporated or registered under the BVI Business Companies Act, 2004, approval must first be obtained from the Commission and hence the need for compliance with the application process outlined hereunder.
- 1.3 An application for incorporation as a segregated portfolio company must be accompanied by an application for recognition or registration as a mutual fund, and must be submitted at the same time. In such a case the applicant should tick the relevant boxes in the General Part of the Schedule in relation to the recognition or registration of a mutual fund as well as the incorporation as a segregated portfolio company. In this regard, there is no need to complete the same forms twice.

Definitions

- 2.1 For the purposes of completing an approved form, an applicant should have regard to these definitions:
 - “approved form” means a form outlined in the Schedule as applicable in relation to an application for a licence;
 - “Commission” means the Financial Services Commission established under section 3 (1) of the Financial Services Commission Act, 2001;
 - “licence” means an authorisation, licence, registration or recognition issued or granted under a regulatory legislation for purposes of carrying out financial services business as defined in section 2 (1) of the Financial Services Commission Act, 2001;
 - “licensee” means a person that holds a license;
 - “regulatory legislation” means any financial services legislation that is listed in Part I of Schedule 2 of the Financial Services Commission Act, 2001;
 - “senior officer” has the meaning assigned to it in the Regulatory Code, 2009 and the Approved Persons Regime.
- 2.2 Any term not defined in these Guidelines will be construed in accordance with the provisions of the Financial Services Commission Act, 2001 and/or a relevant regulatory legislation.
- 2.3 Any reference to “application form” will be construed to relate to the approved form.

- 2.4 Any reference to “licence” will be construed to include a “certificate” as the context requires.

Division of approved forms

3. The approved forms are divided as follows:
- (a) General Part: this Part outlines the applicable regulatory legislation, the type of authorisation that is being sought by an application and the instructions that guide the applicant on the additional Parts of the Schedule to be completed;
 - (b) Part 1: this Part is to be completed by all applicants;
 - (c) Part 2: this Part requires additional information to be provided in the case of an application for a banking or fiduciary services business licence;
 - (d) Part 3: this Part requires additional information to be provided in the case of an application for insurance licence;
 - (e) Part 4: this Part requires additional information to be provided in the case of an application for an investment business licence, recognition and registration of mutual funds and licensing of related functionaries under the Securities and Investment Business Act;
 - (f) Part 5: this Part is of general application in relation to all applications and provides an avenue for applicants to volunteer information which may assist with the consideration of their applications or simply be of interest to the Commission; and
 - (g) Part 6: this Part provides a declaration form which every applicant must subscribe to.

Completing approved forms

- 4.1 Every applicable Part of the Schedule with respect to an application is to be fully and accurately completed before the application is filed with the Commission. Where an applicant is uncertain regarding the information to be provided in respect of any particular Part, he should seek clarification from the Commission.
- 4.2 Where any information required in or in respect of an approved form is not available or known to an applicant, then the applicant should state so. It would not assist the processing of an application where information supplied in relation thereto cannot be properly defended or attested.
- 4.3 Where information that is required to be provided in an approved form does not apply in respect of an applicant, that should be stated in the application. However, it should be noted that if, upon consideration of the application, the Commission forms the view that the information is indeed required, the applicant will be notified accordingly and the

processing of the application will be discontinued until the required information is provided.

- 4.4 Where in respect of a particular question on the form the required response is not applicable to an applicant, this should be noted on the form by the words “not applicable” or “n/a”.

Attachments to applications

- 5.1 Where information required in an approved form is in the form of a separate document or is required to be attached to an application, the document is to be attached to the application form. Every attachment must be appropriately and, where necessary sequentially, marked through numbering or lettering in the form of exhibits in order to enable proper reference and to facilitate the consideration of an application. In this regard, it might be considered helpful to separately provide a table of contents outlining the title and order of the documents attached to an application.
- 5.2 Where an application is filed electronically online but its attachment is contained in a separate compact disc or other electronic storage device, the compact disc or other electronic storage device must be submitted to the Commission either at the time of filing the application electronically online or shortly thereafter. It should be noted that an application will not be considered as filed until all the relevant attachments are received by the Commission.
- 5.3 Where the responses to any questions that fall under the same paragraph heading in the approved form require the applicant to provide the details of the responses as an attachment to an application, the details of the responses may be contained in a single attachment, but shall be separated and numbered or lettered in a manner that would enable the Commission to easily decipher which particular questions the detailed responses relate to. This does not apply to questions that fall under different paragraph headings of the approved form, responses to which must be contained in separate attachments.

Providing additional information

- 6.1 It is open to every applicant who considers it necessary or helpful to the consideration of an application or for any other reason to provide additional information not specifically requested in an approved form by providing that information in Part 5 of the Schedule.
- 6.2 Full and accurate disclosure is essential to the due processing of an application. In this regard, it is incumbent on an applicant to disclose the details of any significant event that has occurred prior to the filing of an application which may be relevant to the proper determination of the application. If the applicant is uncertain as to whether or not the event concerned may be relevant, then the details of the event should be provided in Part 5 of the Schedule for the Commission’s consideration.
- 6.3 If, following the filing of an application (but before a licence is granted), a significant event occurs that the applicant is aware of and which might affect the Commission’s consideration of the application, the applicant must notify the Commission of the event by providing the details thereof.

Effecting corrections to completed application form

- 7.1 If, after filing an application, an applicant becomes aware that information provided in or in relation to the application has changed or is inaccurate or may be misleading, the applicant is required to notify the Commission of that fact forthwith and, in any case, not more than three days after becoming so aware. The applicant should identify the changed, inaccurate or misleading information and provide the changed or accurate information.
- 7.2 If it comes to the knowledge of the Commission after granting a licence that the applicant had been aware of any changed, inaccurate or misleading information in or in relation to the application prior to the granting of the licence which, had the Commission been notified of in a timely manner, might have affected the Commission's decision with respect to the application, the Commission may rescind its grant of the licence and/or exercise any of its powers, including taking enforcement action, under the Financial Services Commission Act, 2001.

Requiring additional information

8. It should be noted that the Commission, in the exercise of its general powers to determine fitness and propriety, reserves the right to seek clarification or request additional information from an applicant. Where such a clarification is sought or request is made, consideration of the relevant application may be suspended until the clarification sought or requested information is received. It is therefore essential that where, for any reason, clarification sought or requested information is not available or cannot be provided, that fact is notified to the Commission as quickly as possible in order to enable the Commission to dispose of the application appropriately.

Electronic filing

- 9.1 The Commission encourages the completion and submission of applications online utilising the approved forms provided on the Commission's website. When the Commission's online filing system is fully rolled out and functional, no application shall be received or considered to be properly filed unless it is processed electronically online.
- 9.2 Where, for any reason, an attachment of a supporting or other required document is contained in a compact disc or other electronic storage device which cannot be transmitted online, the applicant shall act in accordance with paragraph 5.2 above.

When application considered to be properly filed

10. The Commission will consider an application received by it to be fully completed and ready for processing when all the required applicable information in respect of the application is provided. However, this does not derogate from any request the Commission may make for the provision of further or additional information or documents. In such a case, the completed application will be retained for processing pending receipt of the further or additional information or documents requested.

Payment of fees

11. Every application filed with the Commission must be accompanied by the requisite fee applicable in relation to the application. No application shall be processed by the Commission unless the fee payable is received.

Attestation

- 12.1 Every application must contain the declaration outlined in Part 6 of the Schedule. It must be properly signed by a director, manager or other equivalent functionary or proposed functionary of the applicant and all the required information must be provided. Where available, it is acceptable to append the applicant's seal on the declaration in addition to the functionary's signature. However, the seal must not be so appended as to conceal or obliterate any word of or the signature on the declaration.
- 12.2 The contact details of the person making the declaration should contain the person's physical address, his or her telephone and facsimile numbers and his or her email address. However, the Commission will not insist on the provision of a facsimile number or an email address where the person signing the declaration does not have one. It should be noted nevertheless that the provision of such information is essential in facilitating the processing of an application, especially where the Commission finds the need to communicate information and/or documents on an urgent basis.

Processing of applications

- 13.1 All completed applications received by the Commission will be processed by the relevant Division to which the application relates for the consideration of the Commission's Licensing and Supervisory Committee.
- 13.2 The Commission will endeavour to process all completed applications and communicate the Commission's decisions to the applicants in a timely manner within the framework of the Commission's *Performance Accountability and Supervisory Service Standards*.

Submission of completed applications

14. All completed applications, along with supporting documents and/or other attachments should be addressed to the Financial Services Commission at the address outlined in the General Part of the Schedule for the attention of the appropriate Division of the Commission which has responsibility for the subject matter of the application.
