REQUEST FOR EXTENSION OF TIME

Notes to person filling this Form

A request made in this Form must relate to a single trade mark application for registration at the time of or after the commencement of the Trade Marks Act, 2013. The request may also relate to an extension of time under section 88 or to an application for registration under the repealed Act and with respect to an opposition or counter-statement.

It should be noted that an extension of time in relation to a notice of opposition cannot exceed three months; the maximum period of extension in relation to a notice of counter-statement is two months. Similar restrictions apply in relation to certain other provisions of the Trade Marks Rules, 2015, depending on the subject matter. A request must therefore be very specific as to the period of extension required. However, the decision as regards what period of extension (if any) is to be granted is that of the Registrar acting in his or her own discretion.

Every request for an extension of time must be notified to each party to the proceedings. Failure to do so may delay the processing of a request for extension of time.
